

SECRET

1 February 1967

MEMORANDUM FOR THE RECORD

SUBJECT: CSC Retirement for Contract Employees

REFERENCE: Inspector General Memo to Executive Director-Comptroller,  
dated 8 November 1966, subject: "Management of Non-  
Staff Personnel"

1. At the time we wrote the referent memorandum, the Executive Director-Comptroller had under consideration a proposal of the Director of Personnel that we ask the Civil Service Commission to amend its regulations to allow coverage of contract personnel under Civil Service retirement. The proposal was subsequently forwarded to the Civil Service Commission. The Inspector General asked a tickler be put on this matter for a check at the end of January 1967.

25X1 2. I called [ ] Chief, Contract Personnel Division, on 1 February for a report of progress. The Commission favored our proposal and had it ready to forward to the Inter-Agency Coordinating Committee when the Commission's attorneys decided that they could not live with the provision of the proposal that referred to resident aliens. They suggested changing the wording to U.S. citizens and U.S. nationals. The proposal was returned to CIA for revision. The last [ ] heard of it, the revised proposal was with the DD/S for concurrence.

25X1 3. I suggest we have [ ] put this back in suspense for another follow-up on 31 March 1967. We are not immediately involved in this matter, except that we repeatedly receive cases to which this proposal would be pertinent.
